

MANDATORY FIELDS in the CONTAINER SEGMENT

- ◆ Container Reference
- ◆ Number of Packages
- ◆ Type of Container
- ◆ Number of Containers
- ◆ Empty or Full Indicator
- ◆ Seal Number
- ◆ Container Goods Description
- ◆ Container Gross Mass (KG)

The completion of these fields by carriers or their agents ahead of the landing of cargo in the Federation will help to significantly improve the time of processing cargo and their release.

ASYCUDA World will be an indispensable tool in the process of making faster release of goods a reality. Through seamless technological connections, the reporting of cargo will be easier for carriers and their agents.

The Customs and Excise Department is committed to working with carriers and their agents in an aim to make faster delivery of goods through our ports a reality.

Cargo Declaration made easier for you

ASYCUDA World brings the opportunity for the faster processing of goods from ship to shelf. This aspect of trade facilitation can enable businesses across this country to provide on time delivery of goods.

Faster clearance of cargo begins with a pre-clearance process that makes trading of less of a hassle while the same time improves the quality of service. That is why ASYCUDA World allows for carriers and their agents to file cargo manifest in advance of the landing of the goods.

This brochure has been generated to emphasize the importance of the manifest segments that will enable all ASUCUDA World platform users to benefit from its seamless usage.

From general segment and bill of lading fields to container segment requirements, this brochure identifies the mandatory fields that enable carriers and their agents to successfully submit cargo information.

Your Customs and Excise Department is always willing and able to assist your business in its readiness to maximize the usage of this trade facilitation tool. Please feel free to contact us.
