19th June, 2017

TO ALL IMPORTERS AND CUSTOMS BROKERS

The Customs and Excise Department wishes to advise that effective 26th June, 2017 electronic cards, including debit card and credit cards, being imported will attract the applicable duty and taxes unless the appropriate documents are presented excluding them from such, that is to say a CARICOM certificate or Form C101 is included in the declaration.

These imports have been previously been cleared from Customs using the additional code to the Customs Procedure Code (CPC) R11. This code should not be used unless the declaration is supported by a cabinet decision where the Ministry of Finance executes such a waiver.

For further information or queries please contact the Customs and Excise Department.
